## MISCELLANEOUS ITEMS.

Enemies of a farmer at York, Me., hanged his horse to the rafters of his stable.

Ellis Tunney ran heedlessly into debt for fine clothes at Seymour, Ind., and then committed suicide because she could not pay.

The Rev. Geo. Sanger, vicar of Carlton-in-Cleveland, in England, has been arrested on a charge of wilfully and maliciously setting fire to his own church on the 19th of October last.

A boy dropped a live coal down the back of a school-fellow for fun at Ware, Mass., and the burned youth's father thinks the joker's father ought to pay \$1,000 damages.

In the favorite myrtle green riding habit of the Empress of Austria the skirt is so arranged that in case of accident it may be by a single movement disengaged and prevented from enumbering the feet.

The Chicago Tribune says that giving the freedom of the city of Dublin to Mr. Parnell is like handing a glass of water to a Kentuckian. It is doubtless a fine thing but he has no use for it.

It is stated that the results of recent geological explorations made in Russia by official direction show the existence in that empire of phosphate deposits sufficiently extensive to supply the wants of Europe for an indefinite period.

A full blooded negro was among the Chinamen who lately arrived in Denver; but he wore the clothes, spoke only the language, and had all the ways of his Chinese companions. He had lived twenty-seven years in China, having been captured in youth by pirates.

The wife of the new Chinese Minister, a lady of high rank in her own country, will not at present enter Washington society. She speaks only her own language, her little feet will not permit her to go about unsupported, and she is, to crown all, exceedingly bashful.

### TRUTH ATTESTED.

Some Important Statements of Well-Known People Wholly Verified.

In order that the public may fully realize the genuineness of the statements, as well as the power and value of the article of which they speak, we publish herewith the fac-simile signatures of parties whose sincerity is beyond question. The truth of these testimonials is absolute, nor can the facts they announce be ignored.

MOLINE, Ill., July 14, 1881.

H. H. Warner & Co., Rochester, N. Y.  
GENTLEMEN: Your remedy, the Safe Kidney and Liver Cure has been used by both my wife and myself. She used it on general principles, as a system and liver regulator; I took the medicine for a long-standing liver trouble, which has been the source of much inconvenience, and which failed to yield to the doctor's remedies, or any other, until I used your Safe Kidney and Liver Cure. With both united in pronouncing it to be the best medicine ever used, and in recommending it to others as a safe remedy.

H. H. Warner & Co., Rochester, N. Y.  
My Dear Sirs: For several years I have been a sufferer, and until your Safe Kidney and Liver Cure was suggested I have not known what it is to be free from pain. My family physician attributed all my suffering to a diseased condition of my kidneys, and after he had failed to give me relief, I tried your remedy. It is a well known fact that

## JOTTINGS.

California is asked 20 cents. There's up and down for you.

Two locomotives for Villard went west yesterday morning.

Only four passengers came in on the Virginia express last night.

Go to the White house and you are sure to get your money's worth.

County Clerk Mahanney, of Storey, is short \$997 in his office accounts.

James A. Ferguson has a Concord spring wagon for sale. See 50 cent column.

Brushes of all kinds at Nasby's Bazaar. Thermometer at 7, 9, 11, 1 and 3—9, 15, 23, 47, 88.

O. W. Ayers advertises wood for sale \$1 per cord cheaper than it has been sold in Reno. See ad.

George Wilson has 18 men at work putting up ice. N. Evans is also filling his house north of town.

Messrs. Lindsay and Dickson will take the case of McFarland vs. McFarland to the District Court.

The Wine House got a lot of whisky yesterday. Quite a crowd collected to see it lowered into the cellar.

M. Williams has sent in three hundred boxes of apples from Susanville. They go to Virginia by rail. He got two dollars a box for them.

Dr. J. M. Benton is now cutting a second crop of ice on the Carson river. The Appeal says the weather has not been cold enough for many years to enable him to do this.

A GAZETTE reporter interviewed the Michael Strogoff company the other day, and learned that no company would be put on the road, owing to the size and cost of the show. He said the piece would not, therefore, be given in Nevada.

"To such an extent did I suffer with inflammatory rheumatism that I could not feed or dress myself without assistance. Two-thirds of a bottle of St. Jacobs Oil entirely cured me, and I consider it worth its weight in gold," says C. E. Jones, New Alexandria, Ohio.

## A Valuable Discovery.

The Silver State is informed that H. C. Emmons, of Lovelocks, has, in all probability, one of the most valuable copper mines in the State. The vein has an average width of twenty feet of pay ore. A great deal of the ore is very rich. It is situated about thirty-five miles east of Lovelocks station, and is surrounded by large forests of timber, and there is an abundance of water. It is Mr. Emmons' intention to erect reduction works in the early spring, and to systematically work the mine.

## Indian War Claims.

Governor Kinkaid has telegraphed to Secretary of State Babcock for copies of all back war claims of the State of Nevada against the United States War Department, so says the Tribune. Congressmen Cassidy has introduced a bill which dates back to 1861. The most expensive wars were previous to that time, and the Governor's intention is to have the bill so amended that it will include those claims.

## An Attorney's Blunder.

"Gentlemen of the jury," said a blundering counsel in a suit about a lot of hogs, at Eureka, "there were just 36 in the drove. Please remember the fact, 36 in the drove; just three times as many as in that jury-box, gentlemen." The Sentinel says counsel didn't gain his case.

## A Narrow Escape.

C. J. Brookins, while up the river fishing this morning walked too far out on the ice, which, giving way, let him into the water over his head. His father-in-law caught him as he came to the surface and rescued him from his uncomfortable as well as a perilous position.

## CHURCHILL COUNTY.

The Weather—New Developments in Farming, Mining, Milling and Food Producing.

STILLWATER, January 14.

Ed. GAZETTE: The most important topic of conversation at the Capital of Churchill for the past few days has been the unprecedented spell of cold weather. Some say that they have seen it colder, others that they never did, while all agree that the cow country is for the present frozen up. The farmers congregate at the saloons, the cattle man watches the gradual diminution of his old and poor cows, and even the ubiquitous coyote has sought his hole, and molests no more the abode of man, while the county officials sit with their heels braced up on a warm stove, and figure the disbursements to be made with their next month's handsome salary, and discuss the chances of being their own successors. Arrangements have been made for the erection of

## A LARGE FLOURING MILL.

On the Upper Sink. A donation was made by a number of enterprising citizens, of forty acres of land, together with a good water right, and have also made a loan of one thousand dollars for one year, without interest. These terms are accepted by parties who in return are to erect a substantial flouring mill with four run of stones, capable of grinding wheat, corn and barley. It will be a great help to the ranchers of the valley, as there is no better wheat or corn land in the State. The drawing off of the heavy freight teams by the C. & C. R. E. has diminished the sale of barley, which has hitherto been the staple production. This necessitates the growing of corn and wheat, and with the flouring mill it could not be done at a profit. It is thought that the darkest day for the sink of the Carson has already past, and that the grain-growing interests will revive. Grantsville, which has been the market for large quantities of produce and salt, and which was a few weeks ago shut down, has recently changed hands, and will start up again with an increased force some time next month. Downieville, her sister camp, for the past two years idle, has been developed by Wade's most enterprising citizen, and on the 1st inst.

## BROOK SMELTING ORE.

With the most flattering results. To Mr. Raphael belongs the credit. Tackling single-handed and alone this dormant mining property, he has expended thousands of dollars in its development, and as a reward he has today one of the finest mining properties in the State. Improvements are going on in Stillwater at a rapid pace. E. H. Kent, already one of the largest land owners, as well as one of the most opulent of our citizens, has taken up 1,600 acres more land, and is fast bringing it into a fine state of cultivation. S. A. Doss, the gentleman who a short time ago was burned out, has erected a splendid house of fifteen rooms on the site of his former residence, and he, in connection with a gentleman by the name of McGrim, are this season going into

## THE TURKEY BUSINESS.

On an extensive scale. They have purchased one hundred fine turkeys, and propose to supply the Nevada market next Christmas, with poultry, at prices that will astonish the natives. By the way, Mr. Doane is favorably mentioned as a strong Democratic candidate for the Senate. Our old townsman J. E. Hyline, has lately returned from Wood River. He thinks he will go back in the Spring. J. S. Trask, of Austin, is wintering here with his stable of thoroughbred horses. He considers the climate of Churchill county the best in the world for fast horses. On the 15th Mr. and Mrs. J. M. Sanford gave a novel but agreeable entertainment. The afternoon was devoted to skating on a large field of ice until 3 o'clock, when the party sat down to a repast of turkey, eastern oysters done up in every style, which was followed by an evening of music. Miss Grippen, Mr. Doane, Mrs. Pike and others participated. H. A. W.

## Carson Valley Fire.

Sunday night at 11 o'clock, the barn of Peter Vansky, in Carson Valley, says the Appeal, was destroyed by fire. It contained a large amount of hay and grain, thirteen fine horses, and a number of cows, wagons and harness, which were destroyed. It is supposed that the fire originated from a candle a hired man used early in the evening while feeding stock.

## THE RIDGE ROAD.

The Drive from Sierra Valley to Sacramento through the snow.

SACRAMENTO, January 14.

Ed. GAZETTE: From Sierra Valley to Sacramento by wagon-road, at this season of the year shows many changes in climate, as well as in scenery. The snow on the summit is four feet deep, while at Goodyear's bar four miles from Downieville the buds are beginning to swell. Below Smartsville the grain is up, and the grass is green near Sweetland. There is some scenery a mile or two below Sierra City that says anything of the kind I ever saw for grandeur. The Buttes were covered with snow crystals on their almost perpendicular sides, and the trees are also covered with crystals of almost pearly whiteness. The contrast of the green shrubbery and trees immediately below, form one of the most sublime, and without doubt the grandest and richest sight I have ever been my lot to look at. It is like fields of diamonds and pearls acres in extent. I visited the

## BALD MOUNTAIN MINE.

At Forest City, and took a ride of one mile and three-quarters underground in the train of dirt cars, drawn by an engine without a smokestack, and with only four wheels. From 17 to 27 cars constitute a train for it. The track is crooked, and I was whirled along at about a ten-mile an hour gait. Water on the track made the darkness and the smoke more hideous. Sixty men are being worked on a shift, and it is worked upon scientific principles. The water is scarce and this will be a great expense. M. D.

## "Gomorkins."

The Advocate says there is a peculiarity about the deer of Lassen county that we do not remember to have seen mentioned in our reading of natural history. During the summer and autumn months, until about the first of November, they are the same shy, timid creatures as those of other countries, but with the coming of winter they suddenly turn into "gomorkins." Those who have had experience say that they speedily become so dangerous as to render their shooting imperative as a matter of self-defense. It is rumored that a party from town were attacked a number of times by these same "gomorkins."

## Tramps Beware.

George Bradt, who was struck on the head on Monday night at Franktown, is out. He carries a lump the size of a walnut on his forehead. The force of the blow was broken by the weapon striking the door-jam first, leaving a heavy dent in the wood. Mr. Bradt thinks the purpose was robbery. He wishes to inform his friends that hereafter it will not be safe for anyone to knock at his door at any unreasonable hour. They may get a message from a mountain howitzer.

## What They Said and What He Did.

DAVENPORT, Ia., June 2, 1881. H. H. WARNER & Co.: Sirs—Several prominent Physicians of St. Louis and other places told me I had Bright's disease, and that I could not live six months, yet the effect of your safe Kidney and Liver Cure was such that I now enjoy better health than I have for years. E. FAY.

## Splendid Sport.

Donner Lake is frozen over. The ice is five inches thick, and the skating is said to be splendid. The Truckee people visit the lake every afternoon and evening, and the demand for skates is said to be greater than the supply. Truckee people seem to have the skating fever, as the roller skating rink under the direction of Reed & Co. is well filled. Reed & Co. intend to open a rink here very shortly.

## From Tunnel 15.

The emigrants that were detained at Tunnel 15 on account of the smallpox scare, were taken through to Sacramento Saturday night. The two persons who have the disease are still at the tunnel in a car by themselves. They are convalescing and able to be about, and will be taken on to Sacramento in a week or two.

## Nevada and Oregon.

F. F. Fowler left this morning for New York. D. W. Balch has left for the same place by the southern route. They go on the business of the Nevada and Oregon Railroad, and say they have every assurance of having funds to put the road through to the Junction by April 1st.

## Ice at Washoe.

Haskell and Marker, at Washoe, have not yet put up their ice, but this weather will doubtless enable them to provide abundantly for next Summer. W. E. Price has 3,500 tons in his house at Ophir, and his lake in the mountains is now covered ten inches thick. He cuts it into cakes 23 inches square, weighing about two hundred pounds each. The cakes are run down to the house in a V flume, which is used in the summer to run out wood. His lake is at the foot of Slide Mountain.

## Hope to See Him Out.

James Gatewood, an old Carsonite, who has been at the point of death several times during the past few years, says the Appeal, has recently had a surgical operation performed upon him in one of the San Francisco hospitals with every prospect of his ultimate restoration to health. Gatewood is well known in this county and his friends will be glad to learn that Jim stands a good chance of recovery.

## Personals.

Col. O. P. Keyes was in town last night.

Governor Adams has issued a commission to Dr. F. M. Conn as Surgeon on the staff of Brigadier-General Mathewson, vice Dr. Webster, resigned.

## Heavy Casting.

A pumpbox weighing fifteen tons was cast at Andrew Fraser's foundry last Sunday. It is intended for the Union shaft, and will be taken to Virginia and put in as soon as it cools, which will require several days.

## A Volunteer Crop.

The third crop of ice promises to be as fine as either the first or second. It is now freezing as hard, and has been for a week, as at any time this winter.

Misses Clothier and Schramm, Teachers in Art Needle-Work, will give lessons in Lace Making Kensington Work and Knitting. Class every afternoon at 4 o'clock at Mrs. L. Dixon's, North Virginia street between Fifth and Sixth. Ladies, call soon, as we remain but a short time. Jan 17

Read It. Oh! it takes so much to clothe my family; my savings soon disappear; I am making no bank account for my old age. Very well, my friend. You may be, like Franklin, paying too much for the whistle. Let us volunteer a remedy. Perhaps you don't keep yourself posted, and unnecessarily pay two prices for what you buy. All kinds of wearing material, you should know, are very low. One cent, in return a postal card and sent to the Red House Trade Union, of Sacramento, and your name and address thereon, will insure you in return a complete price-list of everything in retail, overalls, jumpers, etc., manufactured expressly for miners, ranchers, mill men, etc.; miners' boots in hob, nail and rubber; heavy calf and waterproof kip boots, manufactured expressly for use on the Coast. This house makes a special business of country orders. They have a department 2500 expressly fitted up for the purpose—cash not on paper, as so many are. Send for their price-list. It will be money for you. Address: Jan 14 RED HOUSE, Sacramento.

How to Secure Health. It is strange any one will suffer from derangement brought on by impure blood when QUINCY'S SARSAPARILLA AND STILLINGIA, or STANLEY AND LIVER SYRUP will secure health to the physical organization. It is a strengthening syrup, pleasant to take, and the BEST BLOOD PURIFIER ever discovered, curing Scrofula, Syphilis, Malaria, Nervous disorders, Debility, Bilious complaints and diseases of the Blood. Liver, Kidneys, Stomach, Skin, etc. BAKER'S PAIN PANACEA cures pain in Man and Beast. DICK ROUGE'S WORM SYRUP instantly destroys WORMS. J14

A fine Experience from Many. "I had been sick and miserable so long, and had caused my husband so much trouble and expense—no one seemed to know what ailed me—that I was completely despondent and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unusual, but when I told them what had helped me they said, 'Hurrah for Hop Bitters! long may they prosper, for they have made mother well and we are happy.'—THE MOTHER. J14

Feeble Ladies. Those languid, listless sensations, causing you to feel scarcely able to be on your feet, that constant drain that is taking from your system all its elasticity, driving the bloom from your cheeks, that constant strain upon your vital forces, rendering you irritable and fretful; can easily be removed by the use of that marvelous remedy, Hop Bitters. Irrigations and obstructions of your system are relieved at once, while the special cause of periodical pain is permanently removed. Will you heed this? J14

To the Traveling Public. People who ride on railroad trains need good watches. W. B. Miller, of Sacramento, keeps them, and invites all who visit that city to call at his store, No. 628 J street, and examine his stock. He makes a specialty of standard time keepers for conductors, engineers and other railroad men, and guarantees his goods and prices to be bargains. He has a large and fine stock of jewelry, diamonds, silver and plated ware, clocks, etc. J14

A Card. I will teach, free of charge, and furnish all the material, the process for making what is claimed to be genuine oil paintings by C. Parry, the Reno canvasser for large portraits. Children above 8 years of age taught how to do better than C. Parry knows how to do. Samples of his work on exhibition in my gallery. Call for formula. J14

Some Lumber.  
The great lumber-producing regions of the Northwest are divided into three distinct districts, known as the Mississippi Valley district, the Eastern Michigan and Huron shore, and the Lake Michigan. The first named, embracing the territory drained by the Mississippi, St. Croix, Chippewa, Wisconsin, and other rivers, produced last year 2,000,000,000 feet of lumber and 950,000,000 shingles. The second district, including the Green Bay shore, Cheboygan, Manistee, Ludington, White Lake, Muskegon, Grand Haven, and Wolf River, yielded about the same amount, while Eastern Michigan, taking in the Saginaw Valley and Huron shore, produced about 1,100,000,000 feet. Although there has been an unusual cutting in the Saginaw Valley, the greatest increase this year is in the Mississippi Valley.

**1882.**  
**THE RENO GAZETTE**  
For 1882 will be a better paper than it has ever been before. It is now given all the latest press dispatches, and is thus placed many hours ahead of any other paper. It has all ways been the policy of the proprietor to make the GAZETTE a first-class local paper, with full accounts of everything that occurs in Reno, or Washoe county, or the State of Nevada. The responsibility of the country are carefully studied and written up by able correspondents, and the GAZETTE has done as much as all the other papers combined in this respect.

**THE WEEKLY GAZETTE**  
Contains all the reading matter of the Daily, without its advertisements. It is an eight-page paper, with good plain letters and clean, white paper. It has increased in an extraordinary manner in the last six months, and is now growing rapidly. Its interesting matter, crisp editorials and late news make its popularity. By availing themselves of our club rates, the WEEKLY GAZETTE costs only half a dollar a year. It is given with the Bulletin, Chronicle, Examiner or Record Union, which cost alone two dollars and fifty cents, for three dollars; with Harper's publications and the Argonaut for four dollars and fifty cents a year, and with other papers in proportion. Send for sample copies.

**MISCELLANEOUS**  
**THE SUN.**  
1882. NEW YORK. 1882.  
THE SUN for 1882 will make its fifteenth annual revolution under the present management, shining, as always, for all, big and little, mean and gracious, contented and unhappy. A publican and Democratic, despised and virtuous, intelligent and obtuse. The Sun's light is for mankind and woman-kind of every sort; but its genial warmth is for the good, while it pours hot discomfort on the blistering backs of the persistently wicked.

The Sun of 1882 was a newspaper of a new kind. It discarded many of the forms, and a multitude of the superfluous words and phrases of ancient journalism. It undertook to report in a fresh, succinct, unconventional way, all the news of the world, omitting no event of human interest, and commencing upon affairs with the fearlessness of absolute independence. The success of this experiment was the success of THE SUN. It effected a permanent change in the style of American newspapers. Every important newspaper established in this country in the dozen years past has been modelled after THE SUN. Every important journal already existing has been modified and bettered by the force of THE SUN's example.

The NEW of 1882 will be the same outspoken, truth-telling and interesting newspaper. By a liberal use of the means which an abundant prosperity affords, we shall make it better than ever before.

We shall print all the news, putting it into readable shape, and measuring its importance, not by the traditional yardstick, but by its real interest to the people. Distance from Printing House Square is not the first consideration with THE SUN. Whenever anything happens worth reporting we get the particulars, whether it happens in Brooklyn or Bokhara.

In politics we have decided opinions; and are accustomed to express them in language that can be understood. We say what we think about men and events. That habit is the only secret of THE SUN's political course.

THE WEEKLY SUN gathers into eight pages the best material of the seven daily issues. An Agricultural Department of unequalled merit, full market reports, and a liberal proportion of literary, scientific and domestic intelligence complete the WEEKLY SUN, and make it the best newspaper for the farmer's household that was ever printed.

Who does not know and read and like THE WEEKLY SUN, each number of which is a goldmine of interesting literature, with the best poetry of the day, prose every line worth reading, news, humors, matter enough to fill a good-sized book, and infinitely more varied and entertaining than any book, big or little?

If our ideas of what a newspaper should be please you, send for THE SUN.

Our terms are as follows:  
For the daily SUN, a four-page sheet of twenty-eight columns, the price for mail-post-paid, is 55 cents a month, or \$5 50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents per month, or \$7 70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at \$1 20 a year, postage paid.

The price of THE WEEKLY SUN, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free.
